**BOARD OF COMMISSIONERS OF COOK COUNTY**

**PRESIDENT**

**VETOES**

Transmitting a Communication, dated November 23, 2009 from

TODD H. STROGER, President, Cook County Board of Commissioners

Please be advised that, in accordance with the authority granted to me by Section 2-6008 of the Counties Code, I am exercising my veto authority as President of the Board of Commissioners and hereby veto Item #2 from the November 17, 2009 Special Meeting wherein the Cook County Board of Commissioners amended the Home Rule County Retailers' Occupation Tax reducing the Retailers' Occupation Tax to one and one-quarter percent (1.25%) effective July 1, 2010. I hereby veto the amendments passed on November 17, 2009 to the Cook County Home Rule Retailers' Occupation Tax (Chapter 74 Taxation, Article IV, Sections 74-150 through 74-152).

To ease the burden on Cook County taxpayers, Cook County has historically worked to do more with less revenue, particularly in recent years. While the state of Illinois and local municipalities have increased taxes, Cook County has made a concerted effort to continue to provide services at minimum cost to residents. Our responsibilities include emergency, in-patient and outpatient care for millions of people in need; police protection; court and legal services; child custody and adoption services; defense for the indigent; job training and placement; economic development; real estate services; building and public health inspections; environmental services and correctional security.

## JOURNAL OF PROCEEDINGS FOR DECEMBER 1, 2009

Those services were deeply threatened in 2007, when it became clear that Cook County could not continue to offer the same level of services without either increasing revenue or reducing expenses. When Cook County was confronted with a deficit of over \$500 million in 2007, my Administration took the tough leadership position to institute significant cuts and hold the line on costs. But even with the cuts we implemented in 2007, Cook County could not continue to provide health and public safety services without finding a way to increase revenue. Our property tax levy had remained flat at \$720 million since 1996 and we had not raised our portion of the sales tax since 1992, when Cook County first instituted a sales tax of 3/4 of a penny. With revenue flat and costs growing, it was simply not possible to provide the means for the County's separately elected officials to fund their operations and pay for mandated services.

There is not a household in Cook County that could pay 2008 bills with 1996 dollars, and neither could Cook County. That is why my Administration went to the Cook County Commissioners to ask for one penny more in sales tax revenue to fund essential services.

It's critical to note that, before taxpayers were asked for one penny more in taxes in 2008, my Administration made substantial cuts in county government spending – and continued to once again, for another year, hold the line on the property tax levy for homeowners. After much debate, the majority of the Board of Commissioners voted to raise the Cook County portion of the sales tax by one penny in Fiscal Year 2008. This one penny increase was the responsible, though politically difficult, course of action to take. Because of the difficult decisions my Administration and the Board made in 2007 and 2008, Cook County continues to hold the line on property taxes and has been able to avoid the devastating deficits that plague so many other governments throughout our region and the nation.

We now confront a period when governments across the region and the country are being compelled to eliminate desperately needed services because of these deficits. That is not the case in Cook County, where we continue to have the capacity to meet our obligations because we took the politically courageous step of increasing our revenue stream to address our structural deficit in 2008.

Now, some members of the Cook County Board of Commissioners seem determined to throw Cook County in the red by rolling back a portion of the sales tax – a nearsighted action that will force significant cuts to the County's health care and public safety systems and negatively affect the people who need these services the most.

Because of the purposeful timing of the rollback by this group of Commissioners, this reduction in the sales tax would not be effective until July 1, 2010, and the County will not feel the effects of the reduction in revenue until October 1, 2010. We will have to confront a shortfall of more than \$30 million for 2010 – and roughly \$200 million for 2011, when the bulk of this devastating cut in revenue will be felt.

It's important to note that sales tax revenues are down across the State of Illinois. When this reality is compounded by a half-penny rollback in the County's portion of the sales tax, we can safely project that the sales tax rollback will force between 10 and 12% reductions in expenses in 2011 – a level of reduction that will cripple our health care system and other service areas because these agencies will be forced to bear a disproportionate share of cuts because their funding is not protected by court-ordered and statutory mandates.

The Board understands that the County cannot sustain a \$200 million cut in 2010 – and that is why the reduction of the sales tax is not being implemented until July 1, 2010, allowing the County Board to dodge the need to truly address the effects of this reprehensible cut until the 2011 budget is presented. The Board is effectively taking the easy way out and placing the County's strong financial position, services, and solid bond ratings on shaky ground which will only lead to the need for additional revenue in the near future.

JOURNAL OF PROCEEDINGS FOR DECEMBER 1, 2009

The Republican side of the aisle has always stood on the proposition not to raise taxes regardless of the needs of the County. But the Democratic side – the side of the aisle that represents the poorest people in Cook County, and especially the districts whose residents use our clinic and hospital care the most – should do their duty and represent the interests of their residents. Instead, we are confronted with the actions of a handful of individual commissioners who have been willing to put their own political agendas ahead of their constituents' needs.

The commissioners who stand with me in wisely opposing this rollback recognize that the principled position is to use our common sense and put the needs of the people of Cook County who rely on our vital services ahead of the political fortunes of a handful of commissioners. I cannot and will not support an action by the Board that will place the County's finances and service operations at grave risk, nor will I support a decision that is made without public input or due diligence as to how such a reduction will effect the County in the future.

While I am vetoing the reductions and amendments to the Retailers' Occupation Tax, I hereby request that we monitor our revenues in 2010 in order to determine if revenue projections are being met. We need to better understand the rate and magnitude of any economic recovery and to address in advance the cuts that will be required including employee layoffs and service reductions prior to a reduction in the sales tax.

I stand firm in my commitment to support County services and to provide adequate funding in order to protect and provide for our County residents. I remain committed to consider reductions in the sales tax. However, said reductions must only be made at appropriate intervals with a complete understanding of what the effects of a reduction in revenue will have on County services and government.

While I hereby veto the actions of the Board of Commissioners on November 17, 2009 and veto the amendments to the Cook County Home Rule Retailers' Occupation Tax, I ask that we take the fiscally responsible approach and evaluate the rate of return on the 2010 revenue projections and conduct hearings showing exactly how a 12% cut would be implemented in 2011 by the Board and the separately elected office holders. The residents of Cook County should have the opportunity to understand how such a reduction in the sales tax will affect them and the services provided by Cook County.

In accordance with the authority granted to me by Section 2-6008 of the Counties Code and for the reasons stated herein, please transmit this veto message on the agenda for the next meeting of the Cook County Board of Commissioners, December 1, 2009.

**HOME RULE COUNTY RETAILERS' OCCUPATION TAX**

**NOW, THEREFORE, BE IT ORDAINED**, by the Cook County Board of Commissioners that Chapter 74 Taxation, Article IV, Sections 74-150 through 74-152, of the Cook County Code are hereby amended as follows:

**ARTICLE IV. RETAILERS' OCCUPATION TAX.**

As authorized by 55 ILCS 5/5-1006 (home rule county retailers' occupation tax law), a tax is imposed Countywide upon all persons in the County engaged in the business of selling tangible personal property at retail, at the rate of one and three-quarters percent (1.75%) through June 30, 2010, and one and one-quarter percent (1.25%) thereafter of the gross receipts from such sales made in the course of such business. The tax shall be paid in the manner provided in such statute.

**Sec. 74-152. Notification of the Illinois Department of Revenue.**

The Clerk of the Board is hereby authorized and directed to obtain and transmit a certified copy of this Ordinance to the Illinois Department of Revenue not later than five days after its effective date, and in no case later than April 1, 2010 so as to enable the Illinois Department of Revenue to proceed to administer and enforce this Ordinance, on behalf of the County of Cook, as of July 1, 2010.

**Effective date:** This Ordinance shall take effect upon passage, except that the rate decreases in Section 74-151 shall not take effect until July 1, 2010.

Transmitting a Communication, dated November 23, 2009 from

TODD H. STROGER, President, Cook County Board of Commissioners

Please be advised that, in accordance with the authority granted to me by Section 2-6008 of the Counties Code, I am exercising my veto authority as President of the Board of Commissioners and hereby veto Item #3 from the November 17, 2009 Special Meeting wherein the Cook County Board of Commissioners amended the Home Rule County Service Occupation Tax reducing the Service Occupation Tax to one and one-quarter percent (1.25%) effective July 1, 2010. **WHEREAS**, immigration laws such as the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 must be amended to permit States to determine State residency for higher education purposes and to authorize the adjustment of status to long-term residing alien students who entered the country as children, and protect individuals like Rigoberto Padilla; and

**WHEREAS**, the Development, Relief, and Education for Alien Minors Act (S. 729), or the DREAM Act, is the amendment for such act. Department of Homeland Security and Emergency Management

requesting approval by the Board of Commissioners to transfer funds totaling \$165,200.00 from the 695 - Cook County Department of Homeland Security and Emergency Management (DHSEM) Reserve Fund Balance to Salaries and Wages of Regular Employees Account 565-110. Salaries and Wages of Extra Employees Account 565-130, Automotive Equipment Account 565-550.

Reason: The transfer of funds will enable the Cook County Department of Homeland Security and Emergency Management (DHSEM) to cover the cost of needed employees and equipment to maintain productivity levels and functionality of programs within the office.

JOURNAL OF PROCEEDINGS FOR DECEMBER 1, 2009

From Account:

695	DHSEM Reserve Fund Balance	\$165,200.00
		<b>Total</b> <b>\$165,200.00</b>

To Accounts:

565-110	Salaries and Wages of Regular Employees	\$ 50,000.00
565-130	Salaries and Wages of Extra Employees	86,900.00
565-550	Automotive Equipment	<u>28,300.00</u>
		<b>Total</b> <b>\$165,200.00</b>

1. On what date did it become apparent that the receiving account would require an infusion of funds in order to meet current obligations? What was the balance in the account on that date, and what was the balance 30 days prior to that date?

It became apparent that the receiving accounts would need an infusion of funds on August 13, 2009. The account balance on that date was \$123,195.00 and was the same 30 days before that.

2. How was the account used for the source of transferred funds identified? List any other accounts that were also considered (but not used) as the source of the transferred funds.

The 695 - DHSEM Reserve Fund Balance was identified as a funding source because it is the respective department by which all DHSEM grant reimbursements and credits from prior fiscal years have been held.

3. Identify any projects, purchases, programs, contracts, or other obligations that will be deferred, delayed, or canceled as a result of the reduction in available spending authority that will result in the account that funds are transferred from 695 Budgetary Unit.

None.

4. If the answer to the above question is "none" then please explain why this account was originally budgeted in a manner that caused an unobligated surplus to develop at this point in the fiscal year.

The 695 - DHSEM Reserve Fund Balance is the respective department by which all DHSEM grant reimbursements and credits from prior fiscal years have been held; there are no items budgeted to its respective accounts and is solely used to accept and hold all grant reimbursements and credits from government municipalities (local, state and federal) for the DHSEM.

Commissioner Silvestri, seconded by Commissioner Murphy, moved that the transfer of funds be approved. Commissioner Peraica called for a Roll Call, the vote of yeas and nays being as follows:

**ROLL CALL ON MOTION TO APPROVE**

Yea: Commissioners Beavers, Butler, Claypool, Daley, Gainer, Goslin, Moreno, Murphy, Silvestri, Sims, Steele and Suffredin - 12.

Nay: Commissioners Gorman, Peraica and Schneider - 3.

**The motion carried and the transfer of funds was APPROVED.**

by

MICHELE V. LATZ, Chief of the Administrative Services Bureau, State's Attorney's Office

requesting authorization to renew a grant in the amount of \$1,700,000.00 from the Office of the State's Attorney's Appellate Prosecutor of the State of Illinois for the Cook County State's Attorney's Appellate Assistance Program. This seventh year of funding will enable the State's Attorney's Office to maintain 42 positions in the Criminal Appeals Division, specifically 37 assistant state's attorney positions and five support positions. This grant does not require a match contribution.

The authorization to accept the previous grant was given on September 3, 2008 by the Cook County Board of Commissioners in the amount of \$2,560,000.00.

Estimated Fiscal Impact: None. Grant Award: \$1,700,000.00. Funding period: July 1, 2009 through June 30, 2010.

The Budget Department has received all requisite documents and determined the fiscal impact on Cook County, if any.
